

Thank you for selecting Insurance Now as your agent of choice to work with your independent agents to obtain insurance benefits. We will offer top notch service and treat each agent in the same manner that we would like to be treated.

Insurance Now principals have over forty one years of experience in the insurance industry. During that time we have not “sold” the first insurance policy. We have instead assisted thousands of individuals and groups to find the best policy to meet their needs. Our policy is to “do what is right for the customer”. We have discovered that following this policy has brought us untold referrals and long business relationships with our clients. We follow the Golden Rule in all that we do.

In selecting products, we first look at the stability of the company. Then we look at the company culture concerning paying claims and premium increases. When an agent purchases insurance, premium is important, as well as stability and benefits, but one of the most important responsibilities is that the insurance company be willing and able to pay a claim without hassle.

Each state may have different insurance companies and different policies to fit the needs of the agents in a particular area. Our job is to find the one that best suits your needs.

We will treat each agent as individuals and with respect. Please feel free to contact us at any time if there is ever anything we can assist you with or if you have any questions.

Sincerely,

Holly Conley
Vice President
